

A photograph of a swimming pool with a wooden deck and a stone coping. The pool is filled with clear blue water. The deck is made of light-colored wood planks. The coping is made of dark grey stone tiles. In the background, there is a stone wall and some greenery.

DuraLife[®]

Durable Decking & Railing Systems

It's Your Choice. We Just Make It Easier.

**A deck that can
weather any weather.**

Do it once. Do it right. Do it **DuraLife.**

Nature knows how to deliver a beating.

DuraLife Decking is built to weather any weather.

All winter long, howling winds rattle the windows and shake the trees. Snow and ice billow and spit. In summer, the long, bright days are lit with hot sun, book-ended with golden light, chill, fog, pounding showers and flashing lightning. And you'll have peace of mind knowing that your DuraLife decking is made to weather the weather—sun, snow, ice, rain and wind. Every DuraLife product is field tested, in house laboratory tested and third party tested to ensure the exceptional durability and performance.

DuraLife decking is designed to stand up to the harshest weather conditions. Unmatched in strength and durability, DuraLife's Poly-Pro Advantage™ outperforms other composites and PVC decking products, ensuring that DuraLife decking resists fading or staining, while minimizing contracting and expanding. And, our Step-Clip® Hidden Fastening System makes installation easy and reduces install time by up to 50%.

Get ready to weather any weather, with DuraLife composite decking. Order free samples, delivered straight to your door: DuraLifeDecking.com/Samples.

DuraLife's Poly-Pro Advantage™

A unique polypropylene & hardwood composite that outperforms other composite & PVC decking products

- **Unmatched Strength:** DuraLife decking minimizes sagging & flex between joists; improves overall aesthetics and structural integrity.
- **Safe & Stable:** More solid under foot for added safety; less slippery, even when wet.
- **Stain & Fade Resistant:** Co-extruded polypropylene outer shell resists everyday spills and normal wear & tear. UV inhibitors provide added color retention.
- **Mold & Mildew Resistant:** Resistance to mold & mildew growth; improves aesthetics and safety, requires little maintenance.
- **Moisture & Thermal Resistant:** Excellent moisture and thermal resistance; minimizes problems commonly associated with expansion and contraction.
- **The Colors You Want:** Available in an array of beautiful colors; allows you to customize your own outdoor living environment.

*No stains, no marks.
DuraLife's unique protective film keeps deck boards clean and protected during shipment and storage.*

DuraLife Outperforms the Competition

A deck board's Modulus of Elasticity (MOE) and Modulus of Rupture (MOR) are good indicators of its ultimate performance and resistance to flex or sagging between joists. The higher the value, the better its performance.

*Data reflects actual DuraLife™ Siesta decking test results and an aggregate of other manufacturers' published data.

ELASTICITY (PSI)

Regular PVC Decking	195,000
Regular PE Decking	500,000
DuraLife PP Decking	700,000

RUPTURE (PSI)

YOUR deck, your choice.

Find the deck that fits your life with the DuraLife Your Choice Program.™

A deck is more than a deck—it's a staging ground for fun, laughter, and memories. So whether you use your deck for grilling, soaking up the sun, reading, dining, playing, partying—or all of the above—you need a deck that delivers. Here are three easy steps to achieve your deck design goals:

1

Pick your **DECKING COLOR**

Choose a color to achieve your desired deck aesthetics. A variety of Variegated and Non-Variegated color options are available.

2

Pick your **DECKING PROFILE**

Choose a deck profile to achieve the performance you desire. Select from our Starter™, MVP™ or Siesta™ Collections for the performance level you need at the price you want.

3

Pick your **DECK RAILING**

Choose a railing system to complement your deck and complete your deck design. Merrimack™, Nantucket™, and Rockport™ railing systems add beauty, individuality, and safety to any design.

The decking for people who love to **live outside.**

Color: Brazilian Cherry NOTE: It is difficult to reproduce the color clarity and actual color variations within these products. Before selecting your color, please ask to see actual samples.

1 Pick your COLOR.

Inspired by nature

HARDWOODS™ COLLECTION

There's something about the warm, natural appearance of beautifully finished hardwood that invites the eye and fires the imagination. The Hardwoods Collection's ColorLock™ Multi-Layered Finishing System ensures the hardwood glow of your decking is durable and highly resistant to stains and fading.

Color: Tropical Walnut NOTE: It is difficult to reproduce the color clarity and actual color variations within these products. Before selecting your color, please ask to see actual samples.

Pick your COLOR. **1**

Natural earth tones

LANDSCAPES™ COLLECTION

The relaxing earth tones featured in our eco-friendly Landscapes Collection complement any outdoor living space. The DuraLife ColorLock™ Finishing System ensures that your decking will stand the test of time, resisting fading, staining, and remaining vibrant for many years to come.

Color: Coastal Grey NOTE: It is difficult to reproduce the color clarity and actual color variations within these products. Before selecting your color, please ask to see actual samples.

2 Pick your PROFILE.

Choose from our **Starter™**, **MVP™** or **Siesta™** profiles to meet your specific requirements for design, performance and value. All three collections are made from the same durable material, offering different levels of performance, value, and function. All of our decking profiles are available in any of our eight Hardwoods or Landscapes colors.

Premium quality decking for ultimate performance and durability, available in DuraLife™ Landscapes™ and Hardwoods™ Collections. Rated the top performing composite decking product by the leading consumer advocate publication in the U.S.

High performance decking at a maximum value. Made from the same durable composite material as our DuraLife Siesta Profile decking, DuraLife MVP is the choice for value-conscious homeowners looking for beautiful, low-maintenance decking at an affordable price.

Create a stunning border with DuraLife Starter Decking. The Starter Profile works together with our Siesta and MVP Profiles to hide the exposed edges of perimeter deck boards and stair treads, creating a clean, professional appearance.

DuraLife Color Matched Deck Board End Caps

DuraLife deck board end caps provide a finished edge appearance when a picture frame decking installation technique is not employed. Fits all DuraLife Decking profiles. Great for stair treads!

Color: Golden Teak NOTE: It is difficult to reproduce the color clarity and actual color variations within these products. Before selecting your color, please ask to see actual samples.

Hidden Fastening Systems

THREE easy-to-install systems designed for your DuraLife Decking

1 DuraLife Step-Clip®

It's a Snap! The patent pending Step-Clip system reduces deck installation time by up to 50%. No spacing, extra measuring, or grabbing for fasteners, and less time bending up and down.

- **Faster:** Step-Clip reduces decking installation time by up to 50%.
- **Easier:** Spend less time on your hands and knees during deck board installation compared to traditional methods.
- **Efficient:** Decking can be laid out in advance to ensure that decking appearance is pleasing to the homeowner, and the contractor can install special cut boards around posts and other obstructions after all other boards are in place.
- **Easy to Replace:** If a deck board should be damaged, Step-Clip makes replacing damaged boards significantly easier.
- **No Joist Protection Tape:**

The strip protects the top of the joist from water damage, rot and decay.

- **No Special Tools:** Install interlocking strips along joist with a nail gun or hammer.

2 DuraLife Fastenator™

A clean and beautiful look

Strong, durable, and easy to install, the Fastenator Hidden Fastening System provides a stable, barefoot-friendly surface and improves the aesthetic appeal of the deck. Great for all traditional decking installation methods including angled or herringbone deck patterns and stair treads.

3 DuraLife Cortex® Plugs

The best way to hide and blend colors when using a traditional face-screw installation method. Perfect for Starter profile boards and stair treads. The DuraLife Cortex Hidden Fastening System is designed for traditional capped composite deck surfaces and includes eight standard colors that perfectly match DuraLife decking boards. For use with Siesta and Starter profiles only.

Docks & Boardwalks

Rugged marine-grade planking stands up to any weather

DuraLife™ Dock & Boardwalk planks feature capped composite technology protection. It's the first dock plank with a unique, co-extruded layer that provides added resistance to mold, mildew, stains, weather, wear, and fading. The heavy-duty profile spans 24 inches and is designed for both commercial and residential marine applications. DuraLife Dock planks are rugged and feel very stable.

- They contain no harmful chemicals to leach into the water.
- Manufactured using recycled materials—eligible for LEED®-based projects.
- Proven co-extruded, capped surface protection on all four sides.
- Deeply embossed wood grain that has excellent traction, even when wet.
- Available in Coastal Grey. Additional colors (see Landscapes colors) are available for larger projects.
- 16-ft. standard length. Custom lengths are available for larger projects.

3 Pick your RAILING.

THREE RAILING SYSTEMS TO CHOOSE FROM

Choose one of our stylish and durable railing systems. DuraLife offers three dynamic railing systems to suit your preference for aesthetics, material, and price. **Rockport™** offers beautiful design lines, simple assembly, and paintable matte white railings. The all new **Merrimack™** and **Nantucket™** systems provide the option to use DuraLife composite deck boards as the top rail, opening a range of great design possibilities. The Nantucket system's powder-coated aluminum has been tested to resist over 10,000 hours of salt spray testing, making it ideal for coastal locations. And all DuraLife Railing Systems include a limited residential lifetime warranty on staining and fading.

ROCKPORT RAILING FEATURES:

- **Extruded cellular PVC with an aluminum reinforced core**
Meets residential and commercial structural code requirements for level rail spans up to 10 ft.
- **Hidden stainless steel mounting hardware**
to provide superior strength and a clean aesthetic appeal
- **Paintable for custom colors**
- **Matching post caps & collars**
- **Available in a variety of lengths**
Available in 6-ft., 8-ft. and 10-ft. level rail kits and 6-ft. and 8-ft. stair rail kits
- **36" and 42" level rail heights**
- **Custom radius railing option**

Hidden Mounting Hardware and Aluminum Reinforced Core

REST EASY knowing that your Rockport Railing is made with high quality materials that will stand the test of time and is backed by an industry leading limited Lifetime Warranty.

DuraLife™
Rockport™ Railing

Millwork quality, cellular PVC formulation and beautiful, enduring design with an aluminum reinforced core.

Rockport Gate

Reinforced with aluminum inserts, Rockport gates are available as a custom order for 32", 36", and 42" wide openings, 36" and 42" rail heights. Hardware is sold separately.

Finish your railing in style

Our post caps and collars accent or match your railing for consistent, superior aesthetics and years of enjoyment. Choose pyramid or flat post caps and pyramid style collars that feature a matte white finish.

Pyramid Style Post Collars

Easy Installation

The Rockport Rail Assembly Jig simplifies installation and reduces assembly time and labor costs.

Rockport Cable-Ready Railing Components

Want to add cable railing?

No problem. Pre-drilled end, corner and intermediate post sleeves make it easy.

DuraLife Merrimack Railing is made from an engineered PVC composite material that won't absorb moisture and reduces the rattles and squeaks commonly associated with vinyl railing.

DuraLife[™] Merrimack[™] Railing

REST EASY knowing that your Merrimack Railing is made with high quality materials designed to withstand the harshest outdoor weather conditions.

Pick your RAILING. 3

Merrimack Railings offer attractive options like hidden bracket hardware, LED lighting and composite deck boards for the top rail, creating a handy, flat top rail perfect for entertaining.

MERRIMACK RAILING FEATURES:

- Design & quality
- Deck board top rail option
- Resin-based core features no wood
- Contoured rail design with architectural details
- Hidden bracket hardware
- Classic white finish
- Matching post tops, including LED lighting
- 6', 8' and 10' level rail kit lengths
- 6' and 8' stair rail kit lengths
- 36" and 42" level rail heights
- 1-3/8" (white) square PVC or 3/4" (black) round aluminum balusters
- Multiple post options available including 4x4, 5x5, & 6x6.
- ADA handrail option available

Add a deck board top to match your DuraLife decking color.

Innovative dovetail, level rail brackets and collars allow you to simply slide an assembled rail section onto adjacent posts without any unsightly mounting hardware.

Merrimack Gate Kit

Build a gate with our gate kit – including everything you need to build our matching gate with Merrimack Level Rail Kit (purchased separately).

3 Pick your RAILING.

Made of powder-coated aluminum, the new Nantucket Railing System pairs beautifully with more contemporary and high-end architecturally designed homes. To ensure durability, especially in seacoast installations, Nantucket has been tested to withstand salt spray up to 10,000 hours. Nantucket also provides the option to use DuraLife composite deck boards as the top rail, opening a range of great design possibilities.

Durable and strong, Nantucket is a great choice for both residential and commercial applications and its patented locking strip system makes it quick and easy to install.

NANTUCKET RAILING FEATURES:

- Powder-coated aluminum finish tested to over 10,000 hours of salt spray
- Patented locking strip secures rails to balusters with no screws
- Architectural-styled flat top drink service rail design
- Matte black, matte bronze, white color options
- Factory assembled surface mount post
- Matching pyramid-style post cap and collar
- 6' and 8' level rail kit lengths
- 6' and 8' stair rail kit lengths
- 36" and 42" level rail heights
- 3/4" square balusters
- ADA Hand Railing Option

DuraLife

Decorative Panels

- **Outdoor Accents, Decorative Screen Panels and Frame Kits** Add privacy and style to your outdoor living environment with a selection of decorative screen panels designed and built to weather any weather.
- **Unique Composition** A durable textured matte finish and double the thickness make Decorative Screen Panels a sturdy yet elegant alternative to traditional lattice. Low thermal expansion and contraction means they stand up to any weather.
- **Frame Kits** Frame kits make it easy to install panels up to three panels high, and posts can be used as end or mid posts for custom configurations. Durable powder-coated aluminum frames can be surface mounted, are easy to install, and come in satin black.
- **Design Versatility** 2' x 4' Decorative Screen Panels can be installed horizontally to finish the base of a deck, hung vertically for stylish privacy, or installed with our new frame kits to create a privacy screen on your deck, porch or patio.
- **Unique Designs** Express yourself! Decorative screen panels are available in six unique designs ranging from organic to modern so you can find the one that suits your style.
